Addis Ababa, 21 October 2024

**To: ITU Member States in Sub-Saharan
Countries, Africa**

Subject: Invitation to the ITU workshop on Strategic Satellite Services and Resource Management taking place 4 and 5 November back-to-back with the 9th Spectrum Conference for Sub-Saharan Africa 2024, (6 and 7 November), Nairobi, Kenya

Dear Sir/Madam,

We are pleased to invite your administration to participate in the **ITU workshop on 'Strategic Satellite Services and Resource Management'** that will be held from **4-5 November in Nairobi, Kenya**. The event is organized in collaboration with the Communication Authority of Kenya, African Telecommunications Union (ATU) and Forum Europe in the framework of the Sub-Saharan Spectrum Conference 2024.

This workshop is an opportunity for your radiocommunications engineers in charge of Satellite services to discuss the efficient acquisition, optimum usage and protection of satellite resources and the WRC-27 satellite related agenda items.

There is worth noting that this workshop is strategically organized just before the Spectrum Conference, which we also invite your administration to attend. The Spectrum Conference will delve into the harmonization of 5G strategies, discussions on 6G and relevant agenda items of the WRC-27, all aimed at maximizing the potential of spectrum in Africa.

Fellowships are granted by ITU based on one partial fellowship (DSA only) for requesting delegates from Least developed countries (LDCs).

The workshop agenda is available on the Forum Europe website. Registration is required in advance of the meeting and the Conference, and at the latest by **25 October 2024** at the following address:

[9th Sub Sahara Spectrum Management Conference \(subsahara-spectrum.com\)](https://subsahara-spectrum.com)

We look forward to your active participation in this workshop and the Spectrum conference.

Sincerely Yours,

A handwritten signature in black ink, reading 'Emmanuel Manasseh', is positioned below the text 'Sincerely Yours,'.

Emmanuel Manasseh
Regional Director a.i for Africa and
Liaison to ECA and AU
